

Retail Return and Refund Policy

Synthetic CPG/Retail dataset for educational RAG projects.

Standard Returns

Customers may request a return within 7 calendar days of delivery for eligible products.

Products must be unused, unopened and in their original packaging unless the product was received damaged.

A valid invoice or order reference is required for a return request.

Approved refunds are normally processed to the original payment method.

Damaged or Incorrect Products

Customers should report visible damage or an incorrect product within 48 hours of delivery.

Photographs of the package and product may be requested for verification.

If the retailer confirms that the product was damaged in transit or incorrectly supplied, replacement or refund may be offered.

Non-Returnable Items

Opened personal-care products are normally non-returnable for hygiene reasons.

Opened food and beverage products are non-returnable unless a quality or safety issue is confirmed.

Products marked as final sale are excluded from standard returns.

Refund Timelines

Card and UPI refunds may require 3–7 business days after approval.

Cash-on-delivery refunds are processed according to the retailer's registered refund procedure.
